ABOUT US

The New Americans Campaign (**NAC**) is a national network of more than 200 respected, non-partisan immigration organizations, legal services providers, faith-based organizations, immigrant rights groups, and foundations. Of the nine million lawful permanent residents (**LPRs**) eligible to become U.S. citizens today, fewer than one million naturalize each year. The NAC launched in 2011 to increase the number of citizenship applications by offering the programs, outreach, and resources necessary for eligible residents to achieve the dream of U.S. citizenship.

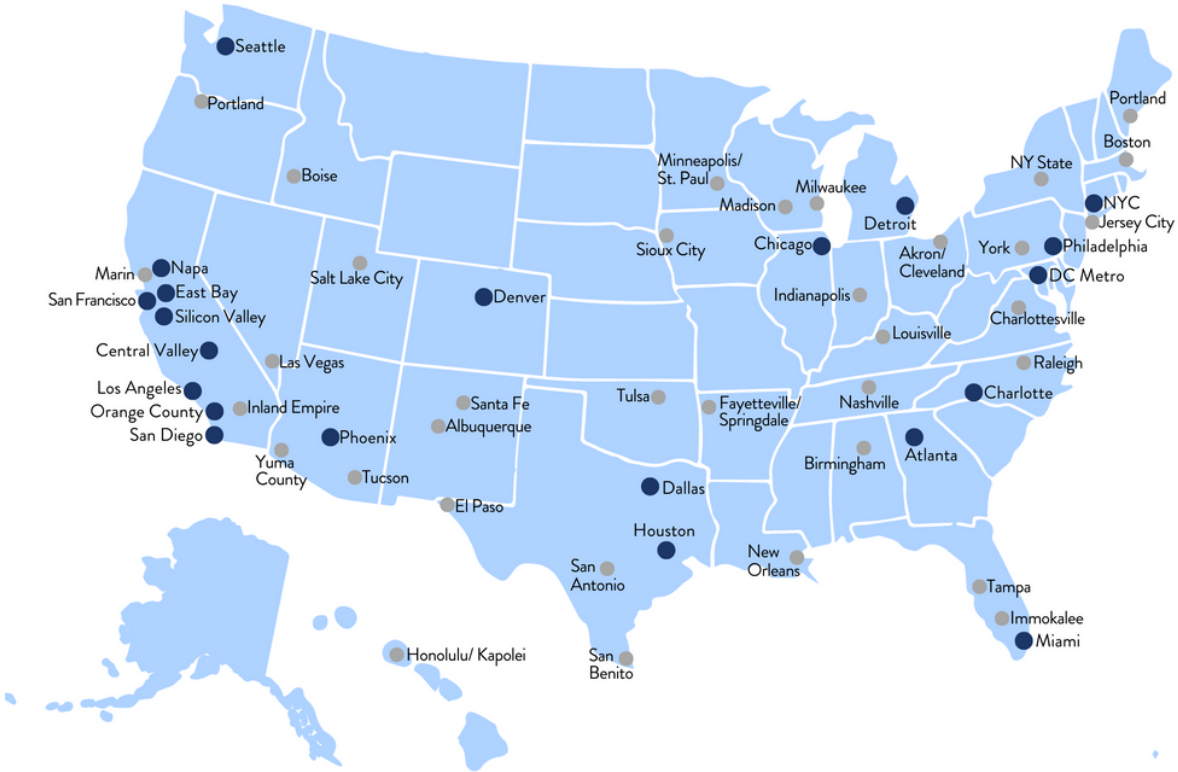
OUR 5 PILLARS

1. Facilitating naturalization with measurable results
2. Working collaboratively
3. Developing innovative service delivery models
4. Reaching a diverse population of aspiring citizens
5. Providing the highest quality naturalization services

BENEFITS OF CITIZENSHIP

Naturalization brings significant social, economic, and civic benefits to new citizens and their families, as well to local communities, individual states, and the country as a whole. Research shows that citizenship leads to increased civic engagement, improved wage earnings and economic mobility, and greater family and community stability.

PARTNER & AFFILIATE LOCATIONS



NAC Sites
NAC Sites are collaboratives of two or more local NAC partners that receive funding from the NAC and serve a defined region. They work on joint efforts to help their local community members obtain U.S. citizenship. The NAC sites work collaboratively with the NAC national partners to provide the highest quality naturalization services.

NAC Affiliates
NAC Affiliates are nonprofit or governmental organizations that contribute naturalization data to the NAC, participate in best practices learning and sharing, engage with NAC local collaborations when opportunities arise, and in some instances, help their local community members obtain U.S. citizenship.
